

MAGNESIUM LOTION FOR PETS by MagnumSolace

Magnesium Lotion For Pets by MagnumSolace is formulated specifically for use in small animals. A smooth lotion easily spreads on unbroken skin for transdermal absorption - the safest way to correct magnesium deficiencies. Higher concentration with small dispensing volume makes daily supplementation simple for cats and dogs.

- ▶ 30 mL per bottle (1.0 fl.oz.)
- ▶ 50 mg Magnesium per 1mL
- ▶ 11.5 mg/pump (0.23 mL/pump)

INGREDIENTS

Main: Magnesium Chloride

Other: Purified Water, Shea Butter, Grape Seed Oil, Safflower Seed Oil, Emulsifying Wax NF, Glyceryl Stearate, Cetyl Alcohol, Xanthan Gum, Tocopherol (Vitamin E)

DIRECTIONS FOR USE

It's recommended patients are tested prior to supplementing with Magnesium Lotion. VDI Lab provides patient specific dosing guidelines, integrated into their Magnesium Lab Report. Using the recommended dose, pump required amount of lotion onto the tips of fingers and rub into unbroken skin of the cat or dog: either underbelly or pinna of the ear.

- ▶ Magnesium Lotion For Pets is designed as a daily topical lotion.
- ▶ It's safe for the pet to lick the lotion, however if you don't want them licking, after allowing absorption, wipe area with a damp cloth.
- ▶ Product is safe for human skin. Do not use Magnesium Lotion For Pets for treating human magnesium deficiencies without consulting a doctor or manufacturer.
