

# Canine Minerals

## Natural Seabed Mineral Complex

Canine Minerals provide macro and micro-mineral supplementation, especially calcium, for dogs and cats to help balance home-prepared meals. The source of the mineral blend in this formula is a 100% natural mineral compound. It is mined from an exclusive source in the western United States and it contains 9 macro and micro-minerals for optimum health. Canine Minerals is 100% pure and is not adulterated or flavored in any way.
