

NutriCalm for Dogs

A Formula Designed to Calm and Soothe

NutriCalm features high quality, USP grade L-tryptophan, an essential amino acid, which is converted to serotonin in the brain. In addition, the herbs ashwagandha, theanine and valerian root help soothe and relax naturally, effectively and safely.

50 Capsules

1 Capsule Contains:

L-Tryptophan (free form amino acid)	150 mg
Valerian Root Extract (valeriana officinalis)	50 mg
Ashwagandha Extract (withania somniferum)	50 mg
Catnip Extract (nepeta cataria)	50 mg
L-Theanine (Suntheanine brand)	25 mg
Calcium (aspartate)	30 mg
Magnesium (aspartate)	30 mg

Directions For Use:

One (1) capsule for every 25-50 lbs of body weight, twice daily or as needed.
