

StrataCalm-P Spray

Provides Soothing Relief from Itching,
Flaking & Irritation

Pramoxine 1%, with Colloidal Oatmeal & EFA - Tropical Scent

StrataCalm-P Spray is a soothing and moisturizing formulation for dogs, cats and horses, containing pramoxine and micronized colloidal oatmeal for the temporary relief of itching, flaking, and irritation. It also contains coat conditioners and Omega-6 Essential Fatty Acids to nourish the skin and help further control irritation. Pramoxine Spray is formulated in a moistening base for a long-lasting soothing effect. The alcohol-free formulation may be sprayed directly onto the irritated or raw areas to relieve itching.

8 fl. oz. (237 ml) Spray

Directions For Use:

Shake well before use. Spray directly onto affected skin area(s). If necessary, ruffle or part the hair to allow direct contact with the skin. Rub in well. May be used daily or as directed by veterinarian.
